"Among a number of worthy artistic journals THE PORTFOLIO, edited by Mr. Hamerton, is still the best issued in our language. The editor is the first who has written in English with absolute dispassionateness and competent appreciation when the claims of English and Continental art were to be pitted together, and he has appointed etchers, without living superiors, to furnish the plates which form so exquisite a cabinet in the collected numbers."—N. We respectfully invite our friends and the public to examine our stock of beautiful Japanese Wares, selected by our agents in Japan.
Our collection is especially rich in *Sutsuma Ware*, as well as in Old and Modern KAGA and KIOTO FAIENCE, Nagasaki, Arita, and Owari Porcelain, Cloisonné Enamels, Curios, etc. Many of these porcelains, etc., were painted and finished years ago by artists who only aimed to produce elaborately finished articles, without regard to time required, and not intended for export, cannot now be reproduced in equal perfection, and will, therefore, be highly prized by collectors.

Myself and sister, in teaching our Drawing Classes, use your Dixon Pencils, and we prefer them to any other.

VIRGINIA CRANBERRY, Teacher of Drawing, Packer Institute.
DEAR SIR: Your very excellent pencils, stamped Dixon's American Graphite Pencils, substitute the exhausted mines of Barrowdale in Cumberland. Your Artists' Pencils are in strength and smoothness the best I ever had in my hand. Yours truly, CONSTANTINE HERTZBERG.

THE SPRING VALLEY HYDRAULIC GOLD COMPANY

Is situated in BUTTE COUNTY, CAL., and consists of two of the best gravel deposits in the country, with an ample supply of water, and a complete system of reservoirs and piping for working same. One of the properties forming the consolidation, in the last seventy days' work, cleaned up \$80,791, which earnings will be largely increased under the present organization.

All the reports on this property indicate that dividends amounting to a large percentage on the subscription value can be regularly maintained for a very long period.

A contract for fifteen years has been made with Professor Edison, which will give a handsome return from the tailings, which have heretofore been wasted.

The following is the list of Directors:

CHARLES M. FRY, President Bank of New York.—A. FOSTER HIGGINS, U. S. Lloyd's Marine Insurance.—R. M. PULSIFER, Proprietor Boston "Herald."—JAMES W. SIMONTON, Agent of the Associated Press.—EDWARD BATES DORSEY, Mining Engineer.—EDWARD

A. FLINT, Consulting Engineer, Boston, Mass.—W. S. NICHOLS, of W. S. Nichols & Co., New York.—BENJAMIN G. ARNOLD, of B. G. Arnold & Co., and HENRY M. FABER, of G. C. & H. M. Faber.

The Spring Valley Hydraulic Gold Company was placed in the market under the endorsement and patronage of the United States Mining Investment Company. The Board of Trustees named above is certainly all that could be desired. The men are wealthy, influential representatives of the best elements of New York's financial strength. If expert reports on mining property can be depended upon, and if solid men in a directory guarantee safe management, it would seem that the Spring Valley Company had met all the requirements called for by the most conservative investors.

This stock is being offered at \$10 per share, and, according to the estimates of the leading experts' reports, will pay dividends of 15 per cent for the first year, and 30 per cent for years to come thereafter. Subscriptions received at the Office of the

UNITED STATES MINING INVESTMENT COMPANY,

61 BROADWAY, NEW YORK.
